SHOEBOY'S SNEAKER

SNEAKER FRESH FRESHNESS AND HYGIENE

MATERIALS

Spray deodorant for shoes. Ideal for all sports and leisure footwear. Suitable for shoes worn all day long. Care product for all materials, including genuine and imitation leather, Nylon and other fabrics.

ACTIVE INGREDIENTS

Powerful deodorant to remove odour.

Alcohol

Fragrant additive (lemon)

HOW TO

Turn the cap anticlockwise. Turn the bottle upside down and place it in the heel section of the shoe so that the spray nozzle points towards the toe section. Spray the product into the shoe by pushing the bottle down. Spray the inside of the shoe without soaking the material. After use, replace and close the cap. Let the product work for approx. 5 minutes.

SELLING POINTS

Neutralises unpleasant odour. Long-term freshness and footwear comfort. Hygienic deodorant with lasting, pleasant lemon scent.

Formula dermatologically tested, pH tested and gentle to skin. Ideal for shoes worn without socks. Special fast-drying formula ensures that shoes can be worn shortly after treatment.

Spray bottle designed for easy application and proper distribution of product in shoe.

Dermatologically tested.
